*This summary highlights information contained elsewhere in this prospectus and the documents incorporated by reference herein. This summary does not contain all of the information that you should consider before deciding to invest in our securities. You should read this entire prospectus carefully, including the section entitled "Risk Factors" beginning on page 5, our consolidated financial statements and the related notes and the other information incorporated by reference into this prospectus before making an investment decision.*

### Overview

We are an automotive technology company focused on developing and manufacturing highly efficient solar electric vehicles (SEVs). Our flagship vehicle, the Aptera, is a three-wheeled, two-passenger vehicle designed for efficiency and sustainability. We believe the Aptera's unique design, incorporating solar charging capabilities and aerodynamic efficiency, will offer a compelling alternative to conventional vehicles.

### Our Business Model

We intend to generate revenue primarily through the sale of our SEVs. Our current focus is on completing the development and commencing production of the Aptera. To date, we have not commenced production of our SEVs. We plan to offer various Aptera models with different features and price points. We may also explore other revenue streams in the future, such as providing charging infrastructure or developing related technologies.

### The Aptera

The Aptera is designed to be a highly efficient vehicle, minimizing energy consumption through its aerodynamic design and lightweight construction. Its integrated solar panels are intended to supplement battery charging, potentially allowing drivers to travel significant distances using only solar power. The Aptera is designed to be a practical and sustainable transportation solution for daily commuting and other driving needs.

### Competitive Advantages

We believe the Aptera offers several competitive advantages, including:

- **High Efficiency:** The Aptera's aerodynamic design and lightweight construction contribute to its high energy efficiency.
- **Solar Charging:** Integrated solar panels provide supplemental charging, potentially reducing reliance on traditional charging infrastructure.
- **Unique Design:** The Aptera's distinctive three-wheeled design differentiates it from conventional vehicles.
- **Sustainability:** The Aptera's electric powertrain and solar charging capabilities contribute to a reduced environmental footprint.

## Challenges

We face numerous challenges in developing and commercializing the Aptera, including:

- **Production:** We have not yet commenced production of the Aptera and face risks associated with scaling production.
- **Competition:** The passenger vehicle industry is highly competitive, and we face competition from established automakers and other electric vehicle manufacturers.
- **Technology:** The development of advanced technologies, such as solar charging and battery systems, involves technical risks.
- **Funding:** We will require significant additional capital to fund our operations and achieve our business objectives.

However, upon and following the Final Conversion Date, defined as the date that no shares of Class A common stock remain outstanding, holders of Class B common stock will be entitled to one vote per share. 20,000,000 shares of Preferred Stock may be issued from time to time in one or more series by a resolution of the Board of Directors establishing the number of shares to be included in such series, and fixing the voting powers, full or limited, or no voting power of the shares of such series, and the designation, preferences and relative, participating, optional or other special rights, and the qualifications, limitations or restrictions thereof, of the shares of each series. ## Implications of Being an Emerging Growth Company

As a company with less than \$1.235 billion in revenue during our most recently completed fiscal year, we qualify as an “emerging growth company” as defined in Section 2(a) of the Securities Act as modified by the Jumpstart Our Business Startups Act of 2012, or the JOBS Act. As an emerging growth company,

We may take advantage of specified reduced disclosure and other requirements that are otherwise applicable, in general, to public companies that are not emerging growth companies. These provisions include, but are not limited to:

- being permitted to present only two years of audited financial statements and only two years of related Management’s Discussion and Analysis of Financial Condition and Results of Operations;
- an exemption from compliance with the auditor attestation requirement on the effectiveness of our internal control over financial reporting pursuant to the Sarbanes-Oxley Act of 2002;
- an exemption from the requirement that critical audit matters be discussed in our independent auditor’s reports on our audited financial statements or any other requirements that may be adopted by the Public Company Accounting Oversight Board unless the SEC determines that the application of such requirements to emerging growth companies is in the public interest;
- reduced disclosure obligations about our executive compensation arrangements;
- exemptions from the requirements to obtain a non-binding advisory vote on executive compensation or a stockholder approval of any golden parachute arrangements; and
- extended transition periods for complying with new or revised accounting standards.

We will remain an emerging growth company until the earliest to occur of: (1) the last day of the fiscal year in which we have more than \$1.235 billion in annual revenue; (2) the date we qualify as a “large accelerated filer,” with at least \$700 million of equity securities held by non-affiliates; (3) the date on which we have issued, in any three-year period, more than \$1.0 billion in non-convertible debt securities; and (4) the last day of the fiscal year ending after the fifth anniversary of the date of our first public equity sale.

We may take advantage of these exemptions until such time as we are no longer an emerging growth company. Accordingly, the information contained herein may be different than the information you receive from other public companies in which you hold stock. Further, pursuant to Section 107 of the JOBS Act, as an emerging growth company, we have elected to take advantage of the extended transition period for complying with new or revised accounting standards until those standards would otherwise apply to private companies. As a result, our operating results and financial statements may not be comparable to the operating results and financial statements of other companies that have adopted the new or revised accounting standards. It is possible that some investors will find our Class B common stock less attractive as a result, which may result in a less active trading market for our Class B common stock and higher volatility in the stock price of our Class B common stock.

#### **Public Benefit Corporation Status**

As a demonstration of our long-term commitment to promote solar mobility and to work towards positively impacting the communities in which we operate, we are treated as a public benefit corporation under Delaware law. As provided in the Amended & Restated Certificate of Incorporation (our “Amended Charter”), the public benefits that we promote, and pursuant to which we manage our Company, are to break the chains of energy dependence by championing solar mobility-liberating communities, restoring sustainability, and forging a future where power belongs to the people. Being a public benefit corporation underscores our commitment to our purpose and our stakeholders, including consumers and customers, communities, and stockholders. See the section titled “*Description of Capital Stock-Public Benefit Corporation Status*” for additional information.

#### **Nasdaq Listing**

Our Common Stock is listed on The Nasdaq Capital Market (“Nasdaq”) under the symbol “SEV.”

## RISK FACTORS

Additional risks and uncertainties of which we are unaware, or that we currently deem immaterial, also may become important factors that affect us. You should also carefully consider the other information included or incorporated by reference in this prospectus. Each of the risks described in these documents could materially and adversely affect our business, financial condition, results of operations and prospects, and could result in a partial or complete loss of your investment. If any of these risks actually occurs, our business, financial condition, results of operations or cash flow could suffer materially. In such an event, the trading price of our shares of Common Stock could decline, and you might lose all or part of your investment.

#### PRIVATE PLACEMENT

On March 12, 2026, we entered into an inducement offer letter agreement (the “Inducement Letter”) with certain holders (the “Holders”) of certain of our existing warrants to purchase up to an aggregate of 3,167,500 shares of our Common Stock issued to the Holders on January 26, 2026 (the “Existing Warrants”). The Existing Warrants had an exercise price of \$2.00 per share.

Pursuant to the Inducement Letter, the Holders agreed to exercise for cash their Existing Warrants at an exercise price of \$2.00 per share in consideration for our agreement to issue in a private placement warrants to purchase up to an aggregate of 4,751,250 shares of Common Stock.

The Warrants were issued on March 12, 2026 (the “Closing Date”). We received aggregate gross proceeds of approximately \$6.34 million from the exercise of the Existing Warrants by the Holders, before deducting financial advisory fees and other offering expenses payable by us.

Pursuant to the Inducement Letter, we agreed to file a registration statement on Form S-1 providing for the resale of the Warrant Shares as soon as reasonably practicable after the Closing Date (and in any event within 10 calendar days of the filing of the Company’s Annual Report on Form 10-K (the “10-K Filing Date”), and to use commercially reasonable efforts to cause such registration statement to be declared effective by the SEC within 60 days following the 10-K Filing Date (or within 90 calendar days in case of “full review” by the SEC) and to keep such registration statement effective at all times until the Holders no longer own any Warrants or the shares issuable upon exercise thereof. We have filed the registration statement of which this prospectus forms a part pursuant to the Inducement Letter.

We engaged A.G.P./Alliance Global Partners (the “Financial Advisor”) to act as financial advisor in connection with the transactions summarized above and paid the Financial Advisor a fee equal to 6% of the gross proceeds raised in the transaction and reimburse the Financial Advisor for legal expenses incurred in connection with the transaction not to exceed \$25,000.

## SELLING STOCKHOLDERS

This prospectus covers the resale or other disposition by the Selling Stockholders identified in the table below of up to an aggregate 4,751,250 shares of our Common Stock issuable upon the exercise of the Warrants. The Selling Stockholders acquired their securities in the transactions described above under the heading “*Private Placement*.”

The Warrants held by the Selling Stockholders contain limitations which prevent the holder from exercising such Warrants if such exercise would cause the Selling Stockholder, together with certain related parties, to beneficially own a number of shares of Common Stock which would exceed 4.99% or 9.99% of our then outstanding shares of Common Stock following such exercise, excluding for purposes of such determination, shares of Common Stock issuable upon exercise of the Warrants which have not been exercised.

The table below sets forth, as of March 31, 2026, the following information regarding the Selling Stockholders:

- the names of the Selling Stockholders;
- the number of shares of Common Stock owned by the Selling Stockholders prior to this offering, without regard to any beneficial ownership limitations contained in the Warrants;
- the number of shares of Common Stock to be offered by the Selling Stockholders in this offering;
- the number of shares of Common Stock to be owned by the Selling Stockholders assuming the sale of all of the shares of Common Stock covered by this prospectus; and
- the percentage of our issued and outstanding shares of Common Stock to be owned by Selling Stockholders assuming the sale of all of the shares of Common Stock covered by this prospectus based on the number of shares of Common Stock issued and outstanding as of March 31, 2026.

Except as described above, the number of shares of Common Stock beneficially owned by the Selling Stockholder has been determined in accordance with Rule 13d-3 under the Exchange Act and includes, for such purpose, shares of Common Stock that the Selling Stockholder has the right to acquire within 60 days of March 31, 2026.

All information with respect to the Common Stock ownership of the Selling Stockholders has been furnished by or on behalf of the Selling Stockholders. We believe, based on information supplied by the Selling Stockholders, that except as may otherwise be indicated in the footnotes to the table below, the Selling Stockholder has sole voting and dispositive power with respect to the shares of Common Stock reported as beneficially owned by the Selling Stockholders. Because the Selling Stockholders identified in the table may sell some or all of the shares of Common Stock beneficially owned by them and covered by this prospectus, and because there are currently no agreements, arrangements or understandings with respect to the sale of any of the shares of Common Stock, no estimate can be given as to the number of shares of Common Stock available for resale hereby that will be held by the Selling Stockholders upon termination of this offering. In addition, the Selling Stockholders may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time and from time to time, the shares of Common Stock they beneficially own in transactions exempt from the registration requirements of the Securities Act after the date on which they provided the information set forth in the table below. We have, therefore, assumed for the purposes of the following table, that the Selling Stockholders will sell all of the shares of Common Stock owned beneficially by it that are covered by this prospectus, but will not sell any other shares of Common Stock that they presently own. Except as set forth below, the Selling Stockholders have not held any position or office, or have otherwise had a material relationship, with us or any of our subsidiaries within the past three years other than as a result of the ownership of our shares of Common Stock or other securities.

#### **USE OF PROCEEDS**

The Common Stock to be offered and sold using this prospectus will be offered and sold by the Selling Stockholders named in this prospectus. Accordingly, we will not receive any proceeds from any sale of shares of Common Stock in this offering. However, we will receive the exercise price per share for each Warrant exercised for cash; however, we are unable to predict the timing or amount of potential Warrant exercises. As such, we have not allocated any proceeds of such exercises to any particular purpose. Accordingly, all such proceeds, if any, will be used for working capital and other general corporate purposes.

## PLAN OF DISTRIBUTION

Each Selling Stockholder of the securities and any of their pledgees, assignees and successors-in-interest may, from time to time, sell any or all of their securities covered hereby on Nasdaq or any other stock exchange, market or trading facility on which the securities are traded or in private transactions. These sales may be at fixed or negotiated prices. A Selling Stockholder may use any one or more of the following methods when selling securities:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- settlement of short sales;
- in transactions through broker-dealers that agree with the Selling Stockholders to sell a specified number of such securities at a stipulated price per security;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- a combination of any such methods of sale; or
- any other method permitted pursuant to applicable law.

The Selling Stockholders may also sell securities under Rule 144 or any other exemption from registration under the Securities Act, if available, rather than under this prospectus.

Broker-dealers engaged by the Selling Stockholders may arrange for other brokers-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the Selling Stockholders (or, if any broker-dealer acts as agent for the purchaser of securities, from the purchaser) in amounts to be negotiated, but, except as set forth in a supplement to this Prospectus, in the case of an agency transaction not in excess of a customary brokerage commission in compliance with FINRA Rule 2121; and in the case of a principal transaction a markup or markdown in compliance with FINRA Rule 2121.

In connection with the sale of the securities or interests therein, the Selling Stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the securities in the course of hedging the positions they assume. The Selling Stockholders may also sell securities short and deliver these securities to close out their short positions, or loan or pledge the securities to broker-dealers that in turn may sell these securities. The Selling Stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or create one or more derivative securities which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The Selling Stockholders and any broker-dealers or agents that are involved in selling the securities may be deemed to be "underwriters" within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the securities purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. Each Selling Stockholder has informed us that it does not have any written or oral agreement or understanding, directly or indirectly, with any person to distribute the securities.

We are required to pay certain fees and expenses incurred by us incident to the registration of the securities. We have agreed to indemnify the Selling Stockholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

We agreed to keep the registration statement of which this prospectus is a part effective until at all times until the Holders no longer own any Warrants or the shares issuable upon exercise thereof. The resale securities will be sold only through registered or licensed brokers or dealers if required under applicable state securities laws. In addition, in certain states, the resale securities covered hereby may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

Under applicable rules and regulations under the Exchange Act, any person engaged in the distribution of the resale securities may not simultaneously engage in market making activities with respect to the Common Stock for the applicable restricted period, as defined in Regulation M, prior to the commencement of the distribution. In addition, the Selling Stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of the Common Stock by the Selling Stockholders or any other person. We will make copies of this prospectus available to the Selling Stockholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale (including by compliance with Rule 172 under the Securities Act).

Our Common Stock is quoted on Nasdaq under the symbol "SEV."

## DESCRIPTION OF SECURITIES

*The following descriptions summarize important terms of our capital stock. This summary reflects Aptera's Amended and Restated Certificate of Incorporation (the "Amended Charter") and does not purport to be complete and is qualified in its entirety by the Amended Charter and the Amended and Restated Bylaws (the "Bylaws"), which have been filed as Exhibits to the registration statement of which this prospectus forms a part. For a complete description of Aptera's capital stock, you should refer to our Amended Charter and our Bylaws and applicable provisions of the Delaware General Corporation Law. The descriptions of our capital stock reflect changes that will be in effect prior to the effectiveness of the registration statement of which this prospectus forms a part.*

### General

As of March 20, 2026, the authorized capital stock of the Company consists of 305,000,000 shares of common stock, par value \$0.0001 per share, 190,000,000 of which shares are designated as "Class A common stock" and 115,000,000 of which shares are designated as "Class B common stock".

As of March 20, 2026, the Company has the following outstanding securities:

- 12,026,870 shares of Class A Common Stock
- 24,570,241 shares of Class B Common Stock

In addition, 20,000,000 shares of Preferred Stock may be issued from time to time in one or more series by a resolution of the Board of Directors establishing the number of shares to be included in such series, and fixing the voting powers, full or limited, or no voting power of the shares of such series, and the designation, preferences and relative, participating, optional or other special rights, and the qualifications, limitations or restrictions thereof, of the shares of each series.

Our Class A common stock has voting rights and our Class B common stock does not have voting rights under our Amended Charter. See "Common Stock - Voting Rights" and "Preferred Stock - Voting Rights" below for further details.

### Common Stock

Class B common stock has the same rights and powers of, ranks equally to, shares ratably with and is identical in all respects, and as to all matters to Class A common stock; except that our Class B common stock is non-voting and is not entitled to any votes on any matter that is submitted to a vote of our stockholders, except as required by Delaware law.

### *Voting Rights*

Our Class B common stock is non-voting and is not entitled to any votes on any matter that is submitted to a vote of our stockholders, except as required by Delaware law, for instance, if we were to:

- change the par value of the common stock; or
- amend our Amended Charter to alter the powers, preferences, or special rights of the common stock as a whole in a way that would adversely affect the holders of our Class B common stock.

Generally, for changes in par value, it would require the majority approval of all holders of our common stock to approve such change.

In addition, Delaware law would permit holders of Class B common stock to vote separately, as a single class, if an amendment to our Amended Charter would adversely affect them by altering the powers, preferences, or special rights of the Class B common stock, but not the Class A common stock. As a result, in these limited instances, the holders of a majority of the Class B common stock could defeat any amendment to our Amended Charter. For example, if a proposed amendment of our Amended Charter provided for the Class B common stock to rank junior to the Class A common stock with respect to (i) any dividend or distribution, (ii) the distribution of proceeds were we to be acquired, or (iii) any other right, Delaware law would require the vote of the Class B common stock, with each share of Class B common stock entitled to one vote per share. In this instance, the holders of a majority of Class B common stock could defeat that amendment to our Amended Charter.

Further, upon and following the “Final Conversion Date” -defined as the date that no shares of Class A common stock remain outstanding-holders of Class B common stock will be entitled to one vote per share.

Our Amended Charter provides that the number of authorized shares of common stock or any class of common stock, including our Class B common stock, may be increased or decreased (but not below the number of shares of common stock then outstanding) by the affirmative vote of the holders of a majority of the Class A common stock. As a result, the holders of a majority of the outstanding Class A common stock can approve an increase or decrease in the number of authorized shares of Class B common stock without a separate vote of the holders of Class B common stock. This could allow us to increase and issue additional shares of Class B common stock beyond what is currently authorized in our Amended Charter without the consent of the holders of our Class B common stock.

Each holder of shares of Class A common stock will be entitled to one vote for each share thereof held at the record date for the determination of the stockholders entitled to vote on such matters or, if no such record date is established, the date such vote is taken or any written consent of stockholders is solicited.

### *Election of Directors*

The holders of the Class A common stock shall be entitled to elect, remove and replace all directors of the Company.

### *Dividend Rights*

Subject to preferences that may be applicable to any then outstanding class of capital stock having prior rights to dividends, the holders of the Class A common stock and the Class B common stock shall be entitled to receive, on a pari passu basis, when and as declared by the Board of Directors, out of any assets of the Company legally available therefore, such dividends as may be declared from time to time by the Board of Directors.

### *Liquidation Rights*

Subject to preferences that may be applicable to any then outstanding class of capital stock having prior rights to dividends, in the event of the Company’s liquidation, or winding up, whether voluntary or involuntary, subject to the rights of any Preferred Stock that may then be outstanding, the assets of the Company legally available for distribution to stockholders shall be distributed on an equal priority, pro rata basis to the holders of Class A and Class B common stock, treated as a single class.

### *Conversion Rights*

Each share of Class A common stock is convertible at any time at the option of the holder into one share of Class B common stock.

On any transfer of shares of Class A common stock, whether or not for value, each such transferred share will automatically convert into one share of Class B common stock, except for certain transfers described in our Amended Charter, including certain transfers for tax and estate planning purposes, transfers approved by our Board, and transfers to certain family members.

### *Right of First Refusal*

2,266,105 shares of the Company's Class A common stock are subject to transfer restrictions. Should the holders of those shares wish to sell or transfer their securities, except under certain limited circumstances, the Company has a right of first refusal to purchase those shares.

### *Other Rights*

Holders of Aptera's Class A and Class B common stock have no preemptive, subscription or other rights, and there are no redemption or sinking fund provisions applicable to Aptera's Class A or Class B common stock.

### **Preferred Stock**

Pursuant to the Amended Charter, our board of directors will have the authority, without further action by our stockholders, to designate and issue shares of Preferred Stock in one or more series. Our board of directors may also designate the rights, preferences and privileges of the holders of each such series of Preferred Stock, any or all of which may be greater than or senior to those granted to the holders of common stock. Though the actual effect of any such issuance on the rights of the holders of common stock will not be known until such time as our board of directors determines the specific rights of the holders of Preferred Stock, the potential effects of such an issuance include:

- diluting the voting power of the holders of common stock; reducing the likelihood that holders of common stock will receive dividend payments;
- reducing the likelihood that holders of common stock will receive payments in the event of our liquidation, dissolution, or winding up; and
- delaying, deterring, or preventing a change-in-control or other corporate takeover.

### **All Classes of Stock**

#### **Voting Rights**

Our Class B common stock is non-voting and is not entitled to any votes on any matter that is submitted to a vote of our stockholders, except as required by Delaware law. Delaware law would permit holders of Class B common stock to vote, with one vote per share, on a matter if we were to:

- change the par value of the common stock; or
- amend our Amended Charter to alter the powers, preferences, or special rights of the common stock as a whole in a way that would adversely affect the holders of our Class B common stock.

In addition, Delaware law would permit holders of Class B common stock to vote separately, as a single class, if an amendment to our Amended Charter would adversely affect them by altering the powers, preferences, or special rights of the Class B common stock, but not the Class A common stock. As a result, in these limited instances, the holders of a majority of the Class B common stock could defeat any amendment to our Amended Charter. For example, if a proposed amendment of our Amended Charter provided for the Class B common stock to rank junior to the Class A common stock with respect to (i) any dividend or distribution, (ii) the distribution of proceeds were we to be acquired, or (iii) any other right, Delaware law would require the vote of the Class B common stock, with each share of Class B common stock entitled to one vote per share. In this instance, the holders of a majority of Class B common stock could defeat that amendment to our Amended Charter.

Further, upon and following the “Final Conversion Date” -defined as the date that no shares of Class A common stock remain outstanding-holders of Class B common stock will be entitled to one vote per share.

Our Amended Charter provides that the number of authorized shares of common stock or any class of common stock, including our Class B common stock, may be increased or decreased (but not below the number of shares of common stock then outstanding) by the affirmative vote of the holders of a majority of the Class A common stock. As a result, the holders of a majority of the outstanding Class A common stock can approve an increase or decrease in the number of authorized shares of Class B common stock without a separate vote of the holders of Class B common stock. This could allow us to increase and issue additional shares of Class B common stock beyond what is currently authorized in our Amended Charter without the consent of the holders of our Class B common stock.

Each holder of shares of Class A common stock will be entitled to one vote for each share thereof held at the record date for the determination of the stockholders entitled to vote on such matters or, if no such record date is established, the date such vote is taken or any written consent of stockholders is solicited.

#### **Election of Directors**

The holders of the Class A common stock shall be entitled to elect, remove and replace all directors of the Company.

#### **Dividend Rights**

The holders of the Class A common stock and the Class B common stock shall be entitled to receive, on a pari passu basis, when and as declared by the Board of Directors, out of any assets of the Company legally available therefore, such dividends as may be declared from time to time by the Board of Directors.

#### **Liquidation Rights**

In the event of the Company’s liquidation, or winding up, whether voluntary or involuntary, subject to the rights of any Preferred Stock that may then be outstanding, the assets of the Company legally available for distribution to stockholders shall be distributed on an equal priority, pro rata basis to the holders of Class A and Class B common stock, treated as a single class.

#### **Conversion Rights**

Each share of Class A common stock is convertible at any time at the option of the holder into one share of Class B common stock.

On any transfer of shares of Class A common stock, whether or not for value, each such transferred share will automatically convert into one share of Class B common stock, except for certain transfers described in our Amended Charter, including certain transfers for tax and estate planning purposes, transfers approved by our Board, and transfers to certain family members.

**Right of First Refusal**

2,266,105 shares of the Company's Class A common stock are subject to transfer restrictions. Should the holders of those shares wish to sell or transfer their securities, except under certain limited circumstances, the Company has a right of first refusal to purchase those shares.

**Other Rights**

Holders of Aptera's Class A and Class B common stock have no preemptive, subscription or other rights, and there are no redemption or sinking fund provisions applicable to Aptera's Class A or Class B common stock.

**Public Benefit Corporation Status**

We are a public benefit corporation under subchapter XV of the Delaware General Corporation Law. As a public benefit corporation, our board of directors is required by the Delaware General Corporation Law to manage or direct our business and affairs in a manner that balances the pecuniary interests of our stockholders, the best interests of those materially affected by our conduct, and the specific public benefits identified in our Amended Charter. We are also required to assess our benefit performance internally and to disclose to stockholders at least biennially a report that details our promotion of the public benefits identified in our Amended Charter and of the best interests of those materially affected by our conduct. We expect that our board of directors will measure our benefit performance against the objectives and standards proposed by the Company and approved by the board of directors. When determining the objectives and standards by which our board of directors will measure our public benefit performance, our board of directors will consider, among other factors, whether the objectives and standards are (i) comprehensive in that they assess the positive impact of our business on the communities in which we operate, and society and the environment, taken as a whole, (ii) credible in that they are comparable to the objectives and standards created by independent third parties that evaluate the corporate ethics, sustainability and governance practices of other public benefit corporations, and (iii) transparent in that the criteria considered for measuring such objectives and standards be made publicly available, including disclosing the process by which revisions to the objectives and standards are made and whether such objectives and standards present real or potential conflicts of interests.

Under the Delaware General Corporation Law, our stockholders may bring a derivative suit to enforce this requirement only if they own (individually or collectively), at least 2% of our outstanding shares or, upon our listing, the lesser of such percentage or shares of at least \$2 million in market value.

**Exclusive Forum Provision of our Certificate of Incorporation**

Our Amended Charter contains exclusive forum provisions that designate specific courts as the exclusive forums for certain legal actions. These provisions are intended to reduce the risk of costly and duplicative litigation, but may limit a stockholder's ability to bring claims in a judicial forum of their choosing.

Specifically, our Amended Charter provides that, to the fullest extent permitted by law, the Court of Chancery of the State of Delaware will be the exclusive forum for:

- any derivative action or proceeding brought on our behalf;
- any action asserting a claim of breach of fiduciary duty;
- any action asserting a claim against us arising pursuant to the Delaware General Corporation Law (DGCL), our Amended Charter, or our Bylaws; and
- any action asserting a claim governed by the internal affairs doctrine.

In addition, our Amended Charter contains a federal forum provision that provides that the U.S. federal district courts shall be the exclusive forum for the resolution of any complaint asserting a cause of action arising under the Securities Act to the fullest extent permitted by law.

These exclusive forum provisions do not apply to claims under the Exchange Act which is subject to exclusive federal jurisdiction under Section 27 of the Exchange Act.

Any person or entity purchasing or otherwise acquiring or holding any interest in our securities will be deemed to have notice of, and consented to, these exclusive forum provisions, including the federal forum provision.

These provisions may limit our stockholders' ability to bring a claim in a forum they find favorable and may discourage lawsuits against us or our directors, officers, or employees. If a court were to find any of these provisions to be inapplicable or unenforceable in a particular case, we could incur additional costs associated with resolving the dispute in alternative jurisdictions, which could adversely affect our business, financial condition, and results of operations.

**Item 14. Indemnification of Directors and Officers.**

Section 145 of the Delaware General Corporation Law, or DGCL, authorizes a court to award, or a corporation's board of directors to grant, indemnity to directors and officers under certain circumstances and subject to certain limitations. The terms of Section 145 of the DGCL are sufficiently broad to permit indemnification under certain circumstances for liabilities, including reimbursement of expenses incurred, arising under the Securities Act of 1933, as amended, or the Securities Act.

As permitted by the DGCL, the registrant's Amended Charter that will be in effect following the effectiveness of this registration statement contains provisions that eliminate the personal liability of its directors for monetary damages for any breach of fiduciary duties as a director, except liability for the following:

- any breach of the director's duty of loyalty to the registrant or its stockholders;
- acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law;
- under Section 174 of the DGCL (regarding unlawful dividends and stock purchases); or
- any transaction from which the director derived an improper personal benefit.

As permitted by the DGCL, the registrant's Bylaws provide that:

- the registrant is required to indemnify its directors and executive officers to the fullest extent permitted by the DGCL, subject to very limited exceptions;
- the registrant may indemnify its other employees and agents as set forth in the DGCL;
- the registrant is required to advance expenses, as incurred, to its directors and executive officers in connection with a legal proceeding to the fullest extent permitted by the DGCL, subject to very limited exceptions; and
- the rights conferred in the Bylaws are not exclusive.

The indemnification provisions in the registrant's Amended Charter and Bylaws may be sufficiently broad to permit indemnification of the registrant's directors and executive officers for liabilities arising under the Securities Act.

We plan to enter into indemnification agreements with each of our directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

## Item 17. Undertakings

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) (§ 230.424(b) of this chapter) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs (a)(1)(i), (ii), and (iii) of this section do not apply if the registration statement is on Form S-1 (§ 239.11 of this chapter), Form S-3 (§ 239.13 of this chapter), Form SF-3 (§ 239.45 of this chapter) or Form F-3 (§ 239.33 of this chapter) and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m or 78o(d)) that are incorporated by reference in the registration statement, or, as to a registration statement on Form S-3, Form SF-3 or Form F-3, is contained in a form of prospectus filed pursuant to § 230.424(b) of this chapter that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is relying on Rule 430B (§ 230.430B of this chapter):

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) (§ 230.424(b)(3) of this chapter) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) (§ 230.424(b)(2), (b)(5), or (b)(7) of this chapter) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) (§ 230.415(a)(1)(i), (vii), or (x) of this chapter) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424 (§ 230.424 of this chapter);

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
